3	ERC	9	Las Sirenas
4	USCG	10	NB Vikings
5	ITC	11	The Rowing Club
6	Port of S.F.	12	

Note on Lane Draws

We drew lanes for all races except Tahoe and the Head of the Estuary. At Tahoe teams draw for boats, which equals lanes. At the Head, starting times are assigned by the Race Committee based on first entered, first assigned. Some of the races that we did land draws for may not use those lane assignments because of the way in which the race is organized. The three races which immediately come to mind are the Great San Francisco Whaleboat Race, ERC Sprints and the Chevy's Masters. These Races are generally done with only 2 to 4 boats on the course at one time and heats are run to determine the finalists. Late entries will be assigned to outside or last lanes, depending on the nature of the start.
